What should the Fox River area look like in 2030?

Share your thoughts and ideas!

Bring your friends and neighbors.

McHenry County Planning & Development, with guidance from Lake County and local agencies, governments, and organizations, is moving forward with the creation of the Fox River Corridor Plan. The goal of the plan is to increase access to the river, improve environmental quality, and enhance recreational use and river-related commerce. The plan will cover an area along the Fox River from Route 176 in Burtons Bridge to the north, to the western edge of Trout Valley to the south.

Now it is time to build on the success of the initial public meeting in March, when participants helped identify the strengths and challenges of the Fox River area.

Please join us on **Thursday, September 21**, for a visioning workshop and help determine how the area along the Fox River will look in 2030. The meeting will begin at 6:00 p.m. with a presentation followed by small-group activities.

This is a great opportunity to share your ideas with your family, friends, and neighbors. Everyone is welcome!

RSVP to Kate Evasic at kevasic@cmap.illinois.gov or **312-386-8782**. To learn more, visit the project webpage at <http://cmap.is/fox-river-mchenry-lake>.
